

# Weatherperson \_\_\_\_\_'s Journal

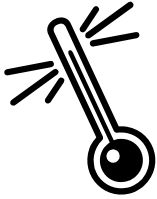

Your name

My team's region is the (circle one):

New England/Mid-Atlantic      Southeast      South  
Midwest/Ohio Valley      High Plains      Southwest      Northwest

The states in my region are:

I'd like to learn more about these four cities in my team's region:

Here's what the temperature was in those cities last year. (Fill in the high temperature for each of your four cities on July 30 and January 30 of last year.)

## Temperature

City	July 30	January 30

Here's how many inches of rain or snow fell on those days in four cities last year. (Fill in the inches of rain or snow that fell for each of your four cities on July 30 and January 30 of last year.)

## Precipitation

City	July 30	January 30

Here are some words to describe the climate of my team's region:

Tropical

Dry

Mild

Continental

Polar

High elevations

Draw a picture of yourself at one of your four chosen cities. What would the weather there be like today? Cold or warm and sunny, raining, or snowing? Are you wearing flip-flops or boots? In the cartoon bubble, explain whether you are surprised by today's weather or if it is normal for your climate zone.
