

Thursday, September 13, 2001
POSTER SESSION
10.00 Central Atrium

I Came, I Saw, I Cratered

Ormö J. Rossi A. P. Komatsu G.

Sirente: A Possible Small Impact Crater in Italy [#5211]

Hough R. M. Lee M. R. Bevan A. W. R.

Shocked Quartz and More: Woodleigh Impact Structure, Western Australia [#5329]

Master S. Karfunkel J.

An Alternative Origin for Coesite from the Richat Structure, Mauritania [#5237]

Master S.

A Possible Holocene Impact Structure in the Al 'Amarah Marshes, near the Tigris-Euphrates Confluence, Southern Iraq [#5196]

Buchanan P. C. Reimold W. U. Kruger F. J.

Evolution of Early Volcanic Phases of the Bushveld Magmatic Province [#5185]

Master S.

The Chituli Structure, Luangwa Valley, NE Zambia: A Possible New Impact Structure [#5178]

Scott R. G. Benn K.

The Role of Radial Impact Melt Dikes in Impact Crater Collapse: New Insights from the Sudbury Impact Structure, Canada [#5110]

Spray J. G.

Impact- and Friction-generated Dykes of the Sudbury Impact Structure: Windows into Excavation and Modification Stage Processes [#5071]

Miura Y.

Bulk Compositions, Dating and Shocked Features of Impact Crater Found at Volcanic Islands [#5398]

Miura Y. Uedo Y.

Spherules of Nio Meteorite Shower Found at Rice-Field in Japan [#5364]

Heuschkel S. Schmitt R.-T. Stöffler D.

Raman Microspectrometry on Experimentally Shocked Calcite and Naturally Shocked Limestones from the Ries Crater [#5169]

Lo Giudice A. Pratesi G. Vishnevsky S. A.

New SEM-CL Data on the Popigai, Ries and Lappajarvi Impact Diamonds [#5247]

Pesonen L. J. Deutsch A. Robin E.

Searching for Popigai Ejecta in Upper Eocene Sediments (Austria, France) [#5307]

Kettrup D. Gersonde R. Deutsch A.

Preliminary Report on the Frequent Occurrence of Spherules in Sedimentary Layers Related to the Eltanin Impact Event [#5387]

Gersonde R. Kyte F. T.

Exploration of the Eltanin Impact Area (Bellingshausen Sea): Expedition ANT XVIII5a [#5421]
