Last week there was an agreement between NASA and ESA that the Joint Summary Reports for the EJSM and TSSM would be released as soon as possible and prior to the OPFM selection announcement. The intention is that the reports will be simultaneously released in Europe and the US.

The two NASA sites where we plan to post the reports are:
Outer Planet Flagship Mission;  http://opfm.jpl.nasa.gov/

The goal is to place the reports on NASA and ESA websites on the morning of January 20th local time in Pasadena.
