

# EARTH DAY

LUNAR EXPLORATION CHANGED OUR VIEW OF EARTH

“I left Earth three times  
and found no other  
place to go. Please take  
care of Spaceship Earth.”

**WALLY SCHIRRA** Apollo 7 Commander

Earth image captured in 2002  
with the Moderate Resolution  
Imaging Spectroradiometer (MODIS)  
onboard NASA's Terra satellite.
