

CAPTEM Summary Spring 2013

Welcomed new CAPTEM Chair Hap McSween. Reviewed 88 requests (for 903 samples) and 875 samples recommended for allocation. Discussed the upcoming merger of the Meteorite Working Group into CAPTEM as a subcommittee. Established an ad hoc “Sample Collections & Allocation Informatics” subcommittee. Identified the need to post this executive meeting summary and to provide a link intended to be used as a Community Forum for feedback. Next CAPTEM meeting will be held virtually on November 1st.
