

# Mars from Above

Extreme-O-File Activity Pages

*Mars Match, Carving Channels, & Viewing Volcanos*

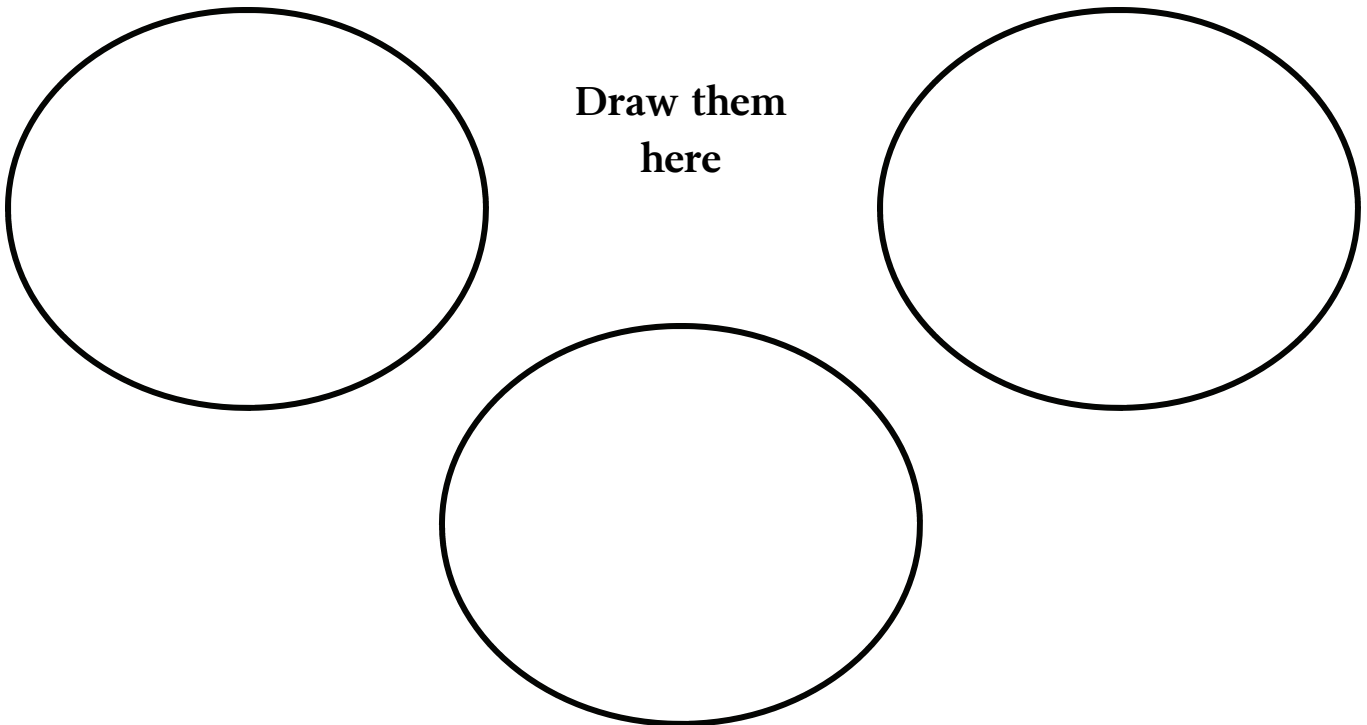

Name: \_\_\_\_\_

## Mars from Above: Mars Match

What features did you find?

Sort the features into similar groups/piles.

Other things I observed:

Pick one type of feature—Describe it:

Where does it occur (circle one)?

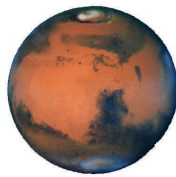

Earth      Mars      Both

# Mars from Above: Carving Channels

What is the name of the features  
that you made?

How did they form?  
(what made them)

On which planet—or planets—do we see these features?

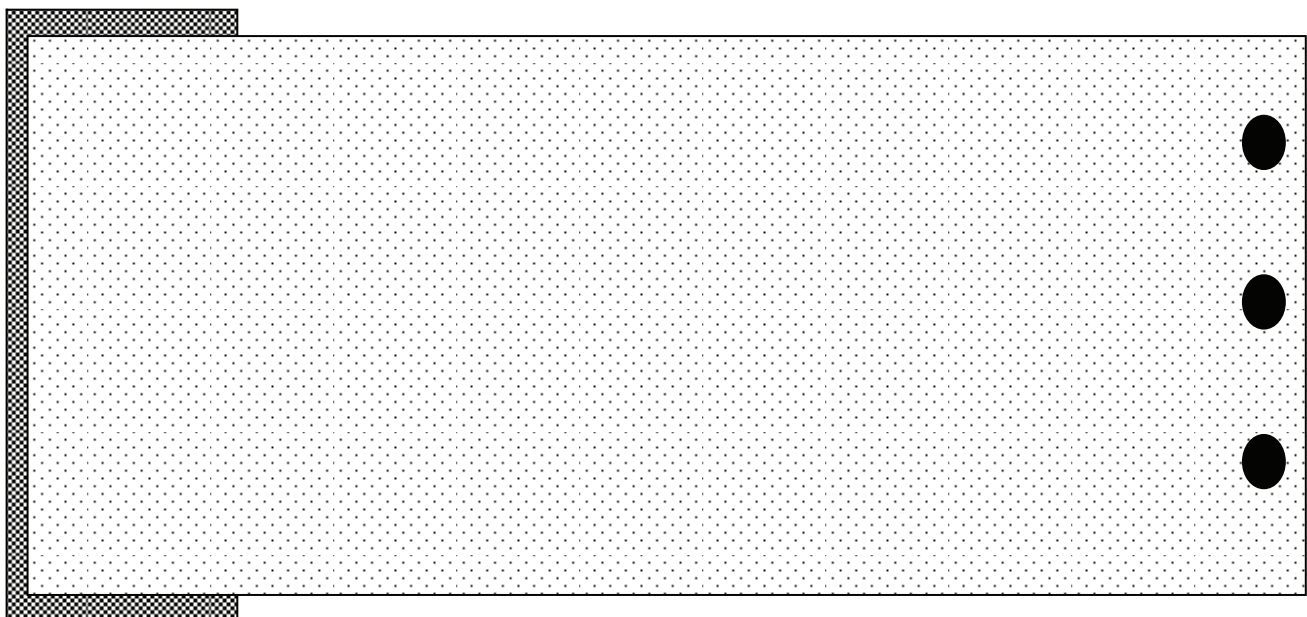

Mars

Earth

Draw it!

What did the surface of the stream table look like when water was  
poured onto it?

Bricks

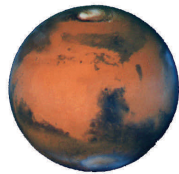

Stream table

Holes

## Mars from Above: Viewing Volcanos

On which planet—or planets—do we see volcanos?

(Circle)

Mars

Earth

Are volcanos erupting on Earth today?

Are they erupting on Mars today?

If a planet has volcanos what does this tell you about its history? What was it like in the past?
