The Lunar and Planetary Institute (LPI) invites undergraduates with at least 50 semester hours of credit to experience research in the planetary sciences. As a summer intern, you will work one-on-one with a scientist either at the LPI or NASA Johnson Space Center on a research project of current interest in planetary science. Furthermore, you will participate in peer-reviewed research, learn from top-notch planetary scientists, and preview various careers in science.

- 10-week program (June 1, 2020 – August 7, 2020)
- Stipends for internship, travel, housing, and expenses
- Visit www.lpi.usra.edu/lpiintern for details

www.lpi.usra.edu/lpiintern

Application Deadline: January 6, 2020

Applications are only accepted via the electronic application form found at the LPI’s Summer Intern Program website.
