POSTER SESSION I: EDUCATION AND PUBLIC OUTREACH:
OUTER PLANETS, SATELLITES, AND RINGS
6:00 p.m. Town Center Exhibit Area

Dyches P. Zimmerman-Brachman R. Spear K. Simon M. Bechtel R.

[*Knowledge is Power: Radioisotope Power Systems Education and Public Outreach at NASA*](#) [#1640]

The education and public outreach effort for NASA's Radioisotope Power Systems Program raises awareness of the long, safe history of exploration enabled by space nuclear power technologies and emphasizes their importance for future exploration.
