POSTER SESSION II: EDUCATION AND PUBLIC OUTREACH: MISSION ANALOGS
6:00 p.m. Town Center Exhibit Area

Gruener J. E. McGlone M. Allen J. Tobola K. Graff P.

[NASA Desert RATS 2011 Education Pilot Project and Classroom Activities](#) [#1583]

For the 2011 NASA Desert RATS analog activities, NASA HQ provided support to develop an education pilot project with student activities to parallel the Desert RATS mission planning and exploration activities in the classroom, as well as educator training.

[The Scale of Exploration: Planetary Missions Set in the Context of Tourist Destinations on Earth](#) [#2166]

What if the Apollo astronauts explored Washington, DC, or the Mars Exploration Rovers explored Disney World? We present educational versions of the traverse maps for Apollo and MER missions set in the context of popular tourist destinations on Earth.
