

A banner for the Mars Exploration Program Analysis Group (MEPAG). The background is a dark blue, textured surface, possibly a Mars crater, with a large, reddish-orange planet (Mars) visible on the right side. The text is white and bold.

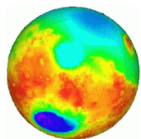

# Mars Exploration Program Analysis Group (MEPAG)

*chartered by NASA HQ to assist in planning the scientific exploration of Mars*

A wide-angle photograph of the Mars surface. The foreground is a dark, rocky, and dusty terrain. The horizon is a straight line, and the sky is a dark, clear blue with several small, bright white stars visible.
