

JANGMI HAN

Lunar and Planetary Institute, USRA, 3600 Bay Area Boulevard, Houston, TX 77058

Astromaterials Research and Exploration Science, NASA Johnson Space Center,
2101 NASA Road 1, Houston, TX 77058

Office: (281) 483-9121 • Email: han@lpi.usra.edu, jangmi.han@nasa.gov

EDUCATION:

Ph.D. Earth and Planetary Sciences, The University of New Mexico, USA, 2014

Dissertation: Microstructural constraints on the formation and thermal histories of refractory inclusions in CO₃ chondrites (Advisor: Prof. Adrian J. Brearley)

M.S. Science in Education, Seoul National University, South Korea, 2009

Thesis: Metamorphic temperatures of equilibrated ordinary chondrites
(Advisor: Prof. Byeon-Gak Choi)

B.S. Science, Seoul National University, South Korea, 2007

Thesis: Comparison of meteorites found in Antarctica, deserts, and the other places on the Earth (Advisor: Prof. Byeon-Gak Choi)

- Graduated with honors (Cum Laude)

- Certificated in Earth Science Teaching for secondary school students, issued by the Ministry of Education, Science, and Technology, South Korea

RESEARCH INTEREST:

- **Coordinated microanalyses of chondritic meteorites in the context of the formation and early evolution of the Solar System:** (1) Mineralogical, chemical, and isotopic analyses of refractory Ca-Al-rich inclusions in carbonaceous chondrites; (2) Understanding crystal structure and chemistry of hibonite and associated Al-rich phases (corundum, spinel, and grossite); and (3) Mineralogical and chemical investigations of secondary parent body alteration processes of carbonaceous chondrites.
 - Analytical methods: **Transmission electron microscopy, focused ion beam technique,** scanning electron microscope, electron probe micro-analyzer, secondary ion mass spectrometry, nanoscale secondary ion mass spectrometry.

RESEARCH EXPERIENCE:

Visiting Scientist, Lunar and Planetary Institute & NASA Johnson Space Center, 5/2017-present

Postdoctoral Fellow, Lunar and Planetary Institute & NASA Johnson Space Center, 5/2014-5/2017

Research Assistant, Department of Earth and Planetary Sciences, The University of New Mexico, 8/2009-5/2014

Research Assistant, Department of Science Education, Seoul National University, 3/2006-8/2009

RESEARCH GRANT:

- **Co-Investigator** on NASA Emerging Worlds grant “Coordinated Analyses of Presolar and Early Solar System Materials (PI: Dr. Lindsay Keller)”, 2018-present
- **Co-Investigator** on NASA Emerging Worlds grant “Coordinated analyses of early solar system materials (PI: Dr. Lindsay Keller)”, 2015-2017

TEACHING EXPERIENCE:

Guest Lecturer, Institute of Science-Gifted Education, Seoul National University, 1/2008; 8/2009
 - Field geology classes for middle to high school students.

Teaching Assistant, Department of Science Education, Seoul National University, 3/2007-6/2009
 - Undergraduate student courses:
 (1) Solid earth science laboratory (Spring 2009),
 (2) Meteorites and the Solar System (Fall, 2018),
 (3) Field works in earth science laboratory (Fall 2008), and
 (4) Earth science laboratory (Spring 2007-Spring 2008).

MENTORING EXPERIENCE:**LPI Summer Intern Program in Planetary Science**, Lunar and Planetary Institute, 06-08/2019

- Advisor for undergraduate student Christian Anderkin (University of Florida); research project: A petrologic and mineralogical study of refractory Ca-Al-rich inclusions in the reduced CV3 carbonaceous chondrites.

INVITED PRESENTATIONS:

- Yonsei University, invited seminar, 09/2017
- Korea Polar Research Institute, invited seminar, 04/2015; 03/2017
- Department of Earth Science Education, Seoul National University, invited lecture, 04/2015
- Lunar and Planetary Institute, 12/2013; 04/2019

PROFESSIONAL SERVICE:

- Lunar and Planetary Science Conference program committee, 2018; 2019; 2020
- NASA grant review panel, 2018
- Stephen E. Dwornik award judge, 2017
- LPI career development award science panel committee, 2015; 2017
- Peer Reviewer for *Geochimica et Cosmochimica Acta, Meteoritics & Planetary Science, American Mineralogist*, and other journals since 2014

AWARDS AND SCHOLARSHIPS:

- The University of New Mexico Rodney C. Rhodes Memorial scholarship, 2013
- 76th Annual meeting of the Meteoritical Society travel grant: NASA Cosmochemistry program, 2013
- The University of New Mexico EPS Alumni International scholarship, 2012; 2013
- Workshop on the Formation of the First Solids in the Solar System travel grant: NASA Cosmochemistry & Origin of Solar Systems program, 2011
- 74th Annual meeting of the Meteoritical Society travel grant: Barringer Crater Company, 2011
- 73th Annual meeting of the Meteoritical Society travel grant: NASA Cosmochemistry program, 2010
- The University of New Mexico Research assistantship, 8/2009-4/2014
- Workshop on Antarctic Meteorites travel grant: SOKENDAI support, 2008
- Seoul National University Teaching assistantship, 3/2007-6/2009
- Seoul National University Research assistantship, 3/2006-8/2009
- Seoul National University Superior Academic Performance scholarship, 2003-2006

PROFESSIONAL MEMBERSHIPS:

- Meteoritical Society, 2007-present
- Geochemical Society, 2016-2018
- Microanalysis Society, 2015; 2018
