VENUS EXPLORATION DECADAL SURVEY WHITE PAPERS

The Venus Exploration Analysis Group (VEXAG) will be conducting a multi-step campaign through March 2019 to develop a coherent set of Venus Exploration Decadal Survey White Papers.

1) <u>Link to Pre-Decadal White Paper</u> VEXAG encourages all Venus community members to consider short, to the point Decadal Survey White Papers. A spreadsheet for these contributions is: https://docs.google.com/spreadsheets/d/1TZGokHreJ3 oP77mTeaj8oVTUY9sO6tvmKqCc537nEc/edit?u sp=sharing

This link and links to the white papers themselves will be on the VEXAG website.

- 2) <u>Key Document Revisions:</u> The VEXAG Goals, Objectives, and Investigations (GOI), Venus Roadmap, and Venus Technology Plan documents are being revised in preparation for the next Decadal Survey.
- 2a) Access to the Key VEXAG Documents (12/21/18): The current working drafts of each document will be posted on the VEXAG for community review and comments
- 2b) <u>Venus Community Telecon (Monday, 2/4/19):</u> A public open telecon to discuss these documents will be held from 4-6pm EDT. This telecon will cover current versions of the documents.
- 2c) <u>Predecadal Review Session at LPSC (Sunday, 3/17/19)</u>: VEXAG will host a special review session immediately before LPSC from 1-4 pm CDT to solicit additional feedback on these key documents. Additional information (e.g., call in numbers, schedules) will be posted to the VEXAG website and PEN.
