

Conferences on Aeronomy of terrestrial planets

- **Mars Aeronomy conference, Boulder, USA, 15-19 May 2017**
- **ESLAB Symposium on Comparative Aeronomy of terrestrial planets, ESTEC, Noordwijk, The Netherlands, 14-18 May, 2018**
 - *Processes in the upper atmospheres and plasma envelopes of terrestrial planets (Titan and Moon tbd)*
 - *Escape and evolution of the atmospheres*
 - *Results from space missions*
 - *Including numerical modelling and theoretical investigations*
